UK BOOK TRADE

GMC Distribution has full representation at Head Office level to all key book trade accounts, including wholesalers, Waterstones, WH Smith and Blackwell's. We also call on most key independent booksellers and children's specialists, and we sell to all school and library suppliers.

EXPORT

Dedicated distributors manage our lists in America, Australia, New Zealand and South Africa. In addition, we have a team of experienced reps selling to all English-language territories around the world, focussing not just on the book trade but also on specialist markets in all countries.

GMC Distribution (GMC) offers a complete range of sales, marketing and fulfilment services to publishers primarily from the USA and the UK.

The sales force, comprising our in-house team, freelance and salaried reps, services all book trade and non-trade customers in the UK and Europe, with options for all other territories. Whilst GMC is very well established in traditional markets, we excel at reaching specialist, gift, mail order and other non-traditional outlets.
