UK BOOK TRADE

GMC Distribution has full representation at Head Office level to all key book trade accounts, including wholesalers, Waterstones, WH Smith and Blackwell's. We also call on most key independent booksellers and children's specialists, and we sell to all school and library suppliers.

EXPORT

Dedicated distributors manage our lists in America, Australia, New Zealand and South Africa. In addition, we have a team of experienced reps selling to all English-language territories around the world, focussing not just on the book trade but also on specialist markets in all countries.

SPECIALIST

We are unique in our penetration into special markets with a dedicated sales force calling on hundreds of independent art, craft, woodworking and photography retailers. GMC are the sole book supplier to Hobbycraft craft stores as well as supplying other key chains. We actively promote author events and regularly exhibit at both trade and consumer shows.

STATIONERY

GMC Distribution has a strong presence in the gift and museum/gallery market. We sell high-quality stationery and gift products, including wooden kits, jewellery and socks, alongside our wide range of adult and children's gift books to bookshops, gift shops, craft shops, museums and galleries.

GMC Distribution (GMC) offers a complete range of sales, marketing and fulfilment services to publishers.

The sales force, comprising our in-house team, freelance and salaried reps, services all book trade and non-trade customers in the UK and Europe, with options for all other territories. Whilst GMC is very well established in traditional markets, we excel at reaching specialist, gift, mail order and other non-traditional outlets.
