## Combed Cotton Crew Socks

Now with Inclusive Sizing!

The design of this sock range was a selfish pursuit. We just made the socks we want for our own feet chilled by the San Francisco fog. We tracked down the softest cotton with long combed fibers for a luxurious hand feel. We reinforced the toe, heel and cuff for durability. Most importantly we make them following the highest ethical, labor and environmental standards.

- Premium soft combed cotton.
- Small: Women's 5-10 or Men's 4.5-8.5 US shoe size.
- Large: Women's 8.5-13 or Men's 7-12 US shoe size.

## Pendants

Each refined pendant is adorned with the ancient metal-working technique called cloisonné. Tiny crevices etched into the surface of the pendant, called "cloisons", are expertly filled with different colors of richly pigmented paste. Fire from a kiln transforms the loose mixtures into deep hues of hard enamel. The surface is then filed, sanded, and buffed to exquisite shine.
